SUMMARY

A skilled and motivated ReactJS Developer with experience in React, JavaScript, and MongoDB. Committed to delivering high-quality results and working collaboratively in a friendly and dynamic environment.

EXPERIENCE

ReactJS Developer

Mactosys Software Pvt Ltd

📅 2023 - 2024   📍 Indore

Worked on the development of a browser-based application using React and JavaScript, leading to improved user engagement. Improved application performance by optimizing REST API calls and reducing load times, resulting in a faster and more efficient experience. Collaborated with cross-functional teams to ensure timely delivery of project milestones.

- Developed a browser-based application using React and JavaScript, leading to improved user engagement.
- Collaborated with cross-functional teams to ensure timely delivery of project milestones.
- Integrated REST APIs to connect the application with backend services.
- Debugged and resolved application issues to enhance overall user experience.

Front End Developer

Impulse Websystems

📅 2024   📍 indore

As a Front-End Developer at Impulse Websystems, I am responsible for designing and developing user-friendly web applications using React and JavaScript. I collaborate with cross-functional teams to deliver high-quality solutions, implement new features, and debug issues to enhance overall functionality. My focus is on creating efficient, scalable, and visually appealing interfaces that align with business requirements.

- Developing and maintaining responsive web applications using React and JavaScript.
- Optimizing application performance for a seamless user experience.
- Integrating and managing REST APIs to ensure efficient data flow between frontend and backend.
- Collaborating with cross-functional teams to deliver high-quality solutions.
- Implementing new features and enhancing existing functionalities.
